

The original. And still the best.

- ✓ The CP961® Multi - it truly is a wonder valve.
- ✓ It saves water, energy and as a result money giving clear and attractive benefits to the consumer.
- ✓ It constantly controls and balances the flow without splash back or starvation.
- ✓ It's the only valve to carry the Waterwise Marque. It's also on the Water Technology list.
- ✓ It's patented and branded so you can tell it from an ordinary valve. Patent No.0840188.
- ✓ It's easy to install. The CP961® Multi is fitted exactly the same as an ordinary isolation ball valve.
- ✓ Converts any tap or appliance to help it meet the 'Code for sustainable homes' guidelines and new water efficiency regulations.
